WHO WE ARE

LEM is a registered trademark owned by BEMA s.r.l, the first company to recognize the potential of the disposable electronic cigarette.

We entered the Italian market in just 6 months and managed to become a standard for disposable electronic cigarette devices.

LEM is the answer to the growing demand for premium vaping products, with a quality level that exceeds the market average in taste and design.

SAFETY COMES FIRST

LEM has always been committed to guaranteeing product reliability: our range of e-liquids is compliant and has obtained all TPD certificates, which means it meets all safety and quality standards required by law.

Furthermore, we carry out countless tests on LEM flavours to perfect them and make them unique and persistent, for a result that combines high quality and safety.
